9:30 am – 10:25 am **SESSION #1: Dignity and Respect in the Workplace –**
A conversational guide on how to have bold, inclusive conversations that promote respect and dignity in the workplace, this program will talk through an in-house training program created by IU CPF as a result of having a culture that did not value respect for all. Discussion will include how to ID areas of opportunity, have hard conversations with each other, and ultimately set teams up to create a culture that understands the importance of respecting and valuing differences.

10:25 am – 10:45 am Networking Break

10:45 am – 11:45 am **SESSION #2: Re-Engaging Staff after COVID –**
As organizations continue to navigate the long haul of the pandemic, budget constraints, and overly fatigued employees it is more crucial now than ever that leaders understand how staff feel valued and appreciated in the workplace as a critical part of their retention strategy. With the 'Great Resignation' in full swing and worker expectations changing at an accelerated rate, we'll discuss how to re-engage staff through navigating blind spots about individual needs related to appreciation. The conversation will follow the book *The 5 Languages of Appreciation in the Workplace*.
